

120

This figure is a heatmap visualization. The background is a dark purple color. In the upper right quadrant, there is a bright yellow-green spot, indicating a high value. The spot is surrounded by concentric rings of decreasing intensity, transitioning from yellow-green to light blue and then to dark blue. The overall shape of the spot is roughly circular but slightly elongated. The value '120' is printed in white text in the top right corner of the image.
